All the birds are singin' there in heaven  
 And tall grasses reach high to the sun  
 Oceans offer up their splashes  
 All the songs of creation are sung..... They sing...

Light a candle to help her on her journey  
 Sing a song of praise to guard her soul  
 And on angel wings she flies homeward  
 To the land where we all are remade whole.....Singin'

Down the road, I know I'll be goin'  
 One day, when my journey is done  
 She'll be there to meet me at the temple  
 Where our hearts will sing praises as one.....We'll sing....
