Hold the World in Love

Listen to the heartbeat of the nations
Listen to the rhythm of their songs
Listening, feel the spirit as it rises
Listen how the heartbeat draws us home

Hold the world in love (x4)

Hear the steps of people walking peaceward
Hear the steps of people holding hands
Feel the rhythms as we walk together
Bringing hope and courage to all lands

Hold the world in love (x4)

*We sing of peace, we sing of courage, we sing of love
We sing of truth, we sing of justice, we sing of love*

Hear the sound as nations sing together
Feel the strength as voices rise in song
Feel the spirit, oh my sister, brother
Singing out our songs in unison

Hold the world in love (x4)

I feel appreciation for my sisters
Who gather us around the fire bright
I feel compassion deeply for my brothers
Searching for a way to make things right

*We sing of life, we sing of harmony, we sing of love
We sing of joy, and of tenacity, we sing of love*

Forgiving one another for our failures
Forgiving first of all the one within
Learning how to dance as equal partners
So paradise on Earth, it can begin

*We sing of sharing, and of compassion, we sing of love
We sing of peace, and of forgiveness, we sing of love*

Hold the world in love (x4 or more to finish)
